Career Summary

From years of working with people as a yoga teacher and care aide, I possess the empathy and communication skills needed to support Human-Centered Design practices. From owning a small business, I am reliable in my problem-solving skills.

Professional Experience

The Biltmore Estate: UI Design Project

Asheville, NC | November, 2020

Produced mid-fidelity wireframes for a Biltmore Estate app redesign in collaboration with Chad Evans, Corporate Technology Developer that resulted in the Biltmore Estate agreeing to revamp their app.

Founder and Manager of Home Made Housecleaning

Asheville, NC | 2019-2020

Successfully opened a house cleaning business using home-made cleaning products. Learned time- and self-management skills, and became adept at problem-solving.

Registered Yoga Teacher - 250 hr

Asheville, NC | 2017 - Current

Gained observation and leadership skills, and learned to improvise under pressure. Converted a 7-student-average class into a 25-student-average class within one month.

In-Home Care Aide

Asheville, NC | 2016 - 2018

Cared for elderly woman with Parkinson's disease and dementia until she died. Developed organization skills and gained empathetic communication skills.
